

Kaitlin Lugo

2nd Grade Teacher | Quail Run Elementary | Lawrence, KS

Kaitlin is an energetic third year teacher of a blended second grade classroom. Even as a new teacher, she has found success in designing an environment that is based on personalized learning and engaging techniques to meet the needs of all her students. She believes in the power of building relationships and creating innovative learning paths to positively impact students' lives.

Kaitlin graduated with honors from the University of Kansas with a Bachelors in Elementary Education. She was selected as a 2014 KU Teacher of Promise. During her time at KU, she studied abroad in Italy and taught English to Italian elementary students in grades 1-5. Her desire to explore the world and create equitable learning environments motivated her to earn an English as a Second Language (PK-12) endorsement.

She also works with high school and college students as the Head Cheer Coach for Lawrence High School and Assistant Cheer Coach for her alma mater. She is very proud to be a Jayhawk and so thankful to be a part of a community which shares in that rich tradition and vibrant spirit.
